## Warm invitation to the digital symposium

### **MODERN DANCE *reloaded*** **Saturday, November 6, 2021** **10.00 am – 5.00 pm**

In the last two years our dance and mediation practice has often been determined by the new digital and virtual realities of meeting and communicating.

With the support of the FUNDING PROGRAMME "KULTUR.Gemeinschaften" the work group "Mediation of the Heritage of Modern Dance" was able to initiate projects that support a contemporary distribution and transmission of the (im)material heritage of Modern dance. In addition a stronger and more international network of all parties applying transformed or traditional Modern Dance is strived for.

The planned symposium will reflect on following topics:

- Digital transformation processes and their impact on society and our bodies
- Dance mediation, corporeality and digital mediality:  
Modern Dance between online and presence
- Modern Dance in a contemporary context: reflection of Modern Dance terminology and its practice and application today (transmission of (im)material body knowledge and heritage as well as its topicality, possible visions)
- Presentation of the web platform "MODERNER TANZ" with first showings of digital content productions as well as information about further project plans of the aforementioned work group.

#### **Registration for the digital conference "MODERNER TANZ *reloaded*" from 1 October 2021**

Under

<https://www.gtf-tanzforschung.de/tagungen/fachtag-moderner-tanz-reloaded-2021/>

in Co-operation with

Die Kooperationspartner:innen  
Arbeitsgemeinschaft Rosalia Chladek Deutschland e.V.
